Frequently Asked Questions

Can I get a loan?

Yes! We work with a wide range of accredited lenders, many of whom are funded by banks. We specialise in securing loans for those with bad credit.

Is this like a normal mortgage?

We don't do any private lending, only work with accredited lenders, and 90% of them are funded through banks. While the terms might be different due to credit impairments, we aim to make the process as straightforward as possible.

From Consultation to Approval

We start with a thorough assessment of your current financial situation. We take the time to understand your needs, your problems, and your goals. Whether it's refinancing or purchasing a property, we listen and provide expert advice. After an initial verbal approval based on the assessment, we submit all the necessary documents to the lender for written approval.

We provide the best products available. Our solutions are tailored to your specific situation and needs. As we hold loans that aren't available to the public directly, you're getting exclusive access to unique deals.
